

Submitter:

Stephanie Uetrecht

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I've voted by mail since the 1990s and fully trust its security and reliability. It gives working Oregonians like me the time to research and vote thoughtfully—without taking time off or rushing through the process. Ending vote by mail would waste taxpayer resources and make it harder for many to participate. Stripping this away would be a step backward for democracy.
