

Submitter:

Alisha Borden

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm born and raised in Oregon and admire and love our mail in voting system. I remember my parents having the ballots out for a week prior to elections and having the time to research the candidates and measures in the comfort of their own home.

I now engage in this process with my husband. Mail in voting is something I am proud of as an Oregonian. I strongly oppose this measure.
