Michelle Alekseyev

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail has allowed me to vote without having to take time off of work. Some employers offer pto for voting but many do not. This would eliminate the ability to vote for many due to time constraints alone. Time constraints that are due to the rising costs of goods and the lack of increase in pay/ salaries causing many to take on second jobs to make ends meet.
