Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I vehemently oppose SB 210. This bill would make it harder for Oregonians to vote for many reasons and would impact our most vulnerable populations, such as the elderly, disabled, and those with fewer resources to make it to a voting booth. Voting by mail helps level the playing field and is more equitable. It is a safe and secure way of voting and helps ensure all Oregonians' voices are heard. Please vote down this bill and keep Oregon a prime example of fair and secure elections by keeping our system of voting by mail. With respect - Rebecca Fender
