SB210

I am a life-long Oregonian and have only voted by mail. The system works, and there is no need to change it. It would be expensive to change, and cause hardship for people to have to vote in person. A well-informed populace is the backbone of democracy, and I have found I'm best informed at my kitchen table reading the election info while filling out my ballot.

I know that the hardship of getting people to the polls is entirely the point for those who don't want people to vote. There has never been evidence of voter fraud by mail in Oregon. The system works. I strongly oppose changing it.
