SB210

As an Oregon born citizen, I have observed how mail in voting has truly diluted the LEGAL voters in Oregon. Just this year there were at least 1,600 illegal votes cast in Oregon according to the Secretary of State...that is undoubtedly an underestimated count of illegal ballots being cast in our state. I do want being able to vote in Oregon as simple as possible for our citizens and if some can't get to polling to vote like the elderly etc. there should be an option to vote by mail, but the steal is when the state issues a ballot for every Tom, Dick and Harry that dips a toe in our beautiful state. This is unacceptable! And a way to steal the vote. Our state government has lost the trust of its citizens by allowing this madness. That is why we voted in a new president and an administration that does not like waste and abuse that has been perpetrated on its citizens
