Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure. Oregon's mail voting is safe and convenient. I'm disabled and unable to vote in person and the automatic vote by mail saves me the trouble of having to apply for absentee ballots. The only reason Trump wants to eliminate vote by mail is so he and his cronies have easier access to manipulate the results. There is literally zero reason to eliminate this method of voting in Oregon.
