

Submitter:

Linda Silvestri

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

My mom, who was very engaged politically, never missed an election. When she became less ambulatory she used absentee voting. Because of mail-in voting she was able to participate at the level she very much wanted and deserved.

I also, have two sisters who, although are ambulatory, suffer from autoimmune conditions and are not only reticent to be exposed to germs but also tire easily in the long lines that inevitably form at the polls.

We need to keep our vote-by-mail to include ALL Oregonians in the voting process!

Thank you,

Linda Silvestri
