SB210

I am writing to oppose this bill to essentially eliminate mail in voting. I have voted both in person and by mail in Oregon. I have found that the ability to take my time at home to study the issues and candidates makes it much more likely that I vote and make informed decisions.

As a senior citizen, the idea of going back to standing in line to vote is not something I would want to return to. Obviously this is an attempt to make it difficult for people with barriers to vote . Personally, I think that the more people who are involved in the process the better! Unless someone can prove that there is substantial fraud, I see no reason to change our voting system which was approved by the voters and remains very popular.
