

Submitter: Jenna Seim

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is a critical part of our Democracy. Vote by mail increases voters access and engagement and ensures that everyone receives a ballot delivered to their home. This has been absolutely critical for access and equity for disabled folks, car-less folks, and those who can't take off work to Vote in person. Removing Vote by mail would be a huge step backwards in this time of instability when the heart of our democracy is threatened. Please keep Vote by mail!!!
