

Submitter: William Tuck

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To the Members of the Senate Committee on Rules:

I'm a US citizen and Oregon resident and I oppose SB210.

All those who are legally registered should be given the opportunity to vote.

By using an in-person, on Election Day, ID requirement will disenfranchise those voters who are elderly, ill, disabled and working families with conflicting schedules.

Oregon's mail-in system should remain as is.

There is no need for a change. This bill will waste taxpayer and public resources and time.

Thank you,

Bill Tuck
