Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please support this bill. I agree that the government should not have to pay return postage for mail-in voting for those of us it conveniences, and I believe this will help restore election integrity in Oregon. Let us not forget, the DMV registered more than 300 non-citizens to vote, and while this makes up a small fraction of the overall voting base, one non-citizen voting in our elections is too many. Please ensure only legally documented citizens of our state are the only ones eligible to vote. I am in support of this bill.
