

Submitter: Jason Seivers

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a sixth-generation Oregonian who votes in our elections, I strongly oppose SB 210. For a generation, Oregonians have been using vote by mail successfully, which has made it easier for Oregonians to participate in our democracy. There is no evidence to support an in-person-only voting standard and any efforts to remove vote-by-mail is a step backwards and away from enfranchising Oregon voters.
