

Submitter:

Gabrielle Hancher

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello,

My name is Gabby and I am a registered associate therapist in Portland. It is already challenging enough to get people to engage with politics. What issue will this solve? How will this support voter rights and help more voices be heard? Denying people the ability to mail in vote will only impact the most marginalized among us from expressing their voices during local elections. I feel this will only be detrimental to our local elections and politics. I oppose this measure.
