Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Dear governing body,

I have been voting by Mail since it started many years ago. I love mail in voting. I don't have to go wait in line or take a day off work or inconvenience myself much at all to cast my vote. I like that I can either put it in the mail or drop it off at the courthouse in person. As a disabled person, it makes it very nice for me to be able to do mail and ballots. Please protect our Postal Service and mail in voting. Thank you.
