Our Felon-in-Chief keeps maintaining that vote-by-mail is the worst thing to happen to our nation, but you and I know that's a lie, that's noth8ng but a dirty rotten LIE. He'd just as soon nobody voted, and he said so during the campaign last year. You know what he thinks of Oregon — just a bunch of worthless lefties that didn't vote for him. We owe him NOTHING.

Don't let a hostile, bloviating psychopath mess with our extremely successful vote by mail system.
