

Submitter:

Maureen McNulty Hayes

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

For the last 24 years I have been able to safely drop my ballot off in a secure ballot box at our city library with no issues. I work 35 miles from my home and have never been offered time off to go and vote. Since you have to vote in person near your place of residence, most people in my area would be forced to leave work, unpaid, to come back to our small town to vote. The majority of Wimer and Rogue River residence work in Central Point and Medford, or even farther. This puts an unfair financial burden on us and a hardship on the employers who have to release all of their staff to drive to locations all over the Rogue Valley to vote.

Thank you.
