Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Dear Members of the Committee,

I am writing to express my strong opposition to Senate Bill 210, which seeks to remove Oregonians long-standing right to vote by mail. This bill represents a direct attack on voting rights and would create unnecessary barriers for thousands of Oregonians, particularly seniors, individuals with disabilities, rural voters, and those with demanding work schedules who rely on vote by mail to have their voices heard. Additionally, removing vote by mail would increase election costs, create logistical challenges, and potentially suppress voter turnout. I urge you to reject this harmful measure and uphold Oregon secure and accessible elections through vote-by-mail. Thank you for your time and consideration of my concerns.

Sincerely,

Nikki Orlaineta
