

Submitter: Jasper Moon

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is one of my favorite things about Oregon, and I have been an Oregon resident for Neely 40 years.

Vote by mail is accessibility. It allows folks to vote no matter what their work schedule, or if they have transportation, or whether they're sick or caretaking. This bill would turn voting into a privilege with disproportionate impacts—which honestly is probably the point of a bill like this, but let's not pretend it's about reducing fraud or whatever.

And let's vote to keep our voting rights.
