SB210

Oregon State Legislature,  
Submitting my Support for SB 210

Considering Oregon has the worst voter rolls in the Nation, as well as having been sued over it, it's time for a Clean up! We all saw Boxes of ballots being crammed into ballot boxes by one person! Then we had people setting the Ballot Boxes on Fire in this past Election!

Also considering Oregon's Messed up Motor Voter Registration that was done allowing many here Illegally to be Registered to vote

Oregon currently provides to those here illegally the ID needed for voting.

It's time to revert to Voting as it should be !

On Election Day in person, by those who have USA Citizenship.

Thanks for your consideration

Ms Cook
