

Submitter: Jill Hayner-Thompson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregons vote by mail has been safe and effective for many years . Working people, the elderly, infirm or voters with disabilities would be harmed by returning to standing in lines, often in the dark and/ or stormy conditions. It would also require a huge expense to revamp the systems for voting and tabulation of votes. AND there is no longer an adequate number of volunteers to staff all the precinct sites as ANY organization that relies on volunteerism will tell you.

This bill is a stupid idea based on politician not facts or common sense.
