

Submitter:

Miranda Hobbs

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To whom it may concern,

As a member of a rural community, voting in person became unfeasible for many in our community decades ago. Lack of transit, lack of polling stations, working requirements on voting days, the extreme financial strains that our citizens have been experiencing for over a decade require that voting by mail options be the standard practice of the state. Restricting voting to in person polling stations has historical lyrics been a method of voter disenfranchisement dating back over 150 years. Gerrymandering and reducing polling options has also impacted our communities. Please do not pass this law that will deprived so many of their voice in our state.
