

Submitter:

Mark Axton

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Our vote by mail system is easy, convenient, fair, and safe. It makes voting accessible to the largest possible number of eligible voters. The only reason to eliminate it is if you don't WANT voting to be easy and accessible. Make no mistake, this bill is intended as a form of voter-suppression, not election security.
