

Submitter: Tambi Hurd

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Mail voting in Oregon is a treasured right and must be protected. Efforts to end this are unnecessary and designed to make voting harder and less secure. There is no evidence that mail voting is not secure. Oregon must preserve this right, as it's not only convenient, it is necessary so all citizens can vote. Rural, disabled, working people, those living overseas, must not have this right hindered.
