

Submitter:

Cilicia Philemon

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not make it more difficult to vote. Mail in ballots have been working very well for a few decades now, with no problems. It makes it easier to vote for people who work, people with disabilities, and others to have their opinion heard and counted. This would be a huge step backwards. PLEASE do not take this away.

Thank you,
