

Submitter:

Martin Funk

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Taking away mail in voting takes away the right from hard working civilians.

Not everyone can take time off of work. Not everyone can stand in line after a shift when they have dependents. Not everyone can make it to the voting booth due to literally any reason.

We have made so many advancements in this country, and in the midst of all of the steps backwards, this should not be one of those.
