

Submitter: Rena Williams
On Behalf Of: Vanda Health Harvest Homes
Committee: Joint Committee On Addiction and Community Safety
Response
Measure, Appointment or Topic: HB3197

1993 I was the 2nd client for Legacy who created Project Network Treatment Center. I struggled with being born with Moebius Syndrome a rare disease. I 1963.

I prostituted, I drank alcohol in the 5th grade and smoked marijuana. I was raised in Humboldt County.

I continued to use until 2012 with is my sobriety year. I divorced after a 17 years of marriage.. CD is 10/01/2012.

I wrote a book since then, (Life with Mobius Syndrome)

I sit on a committee with Multnomah County. I work at Vanda Health as a CADC-R for SNC clients who have been at their rock bottom of homeless Ness, Substance use, trauma , behaviors, mental health, ptsd. We at Harvest Home provide special care when nobody wants them. We are the ones who show compassion with support. We are the ones who provide services that some other Assisted Living Facilities do not want. I serve and provide support as a cadc, crm and specialize with sex trafficking. We are in need of more humans like myself. Rena Williams

Please continue to fight for the ones I can serve. 1993 I was the 2nd client for Legacy who created Project Network Treatment Center. I struggled with being born with Moebius Syndrome a rare disease. I 1963.
