

Submitter: Jennifer Raney
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

To Whom it May Concern,

Voting by mail has been a secure way to provide access to elections to the maximum number of eligible voters. No significant voter fraud has ever occurred due to mail in ballot systems.

The only practical reason to change to in-person voting is to exclude voters from casting their ballot based solely on accessibility, which is itself a fraud.

I oppose any measure which would diminish access to vote by mail in Oregon.

Sincerely,
Jen Raney
