SB210

I am a four generation citizen of this amazing state. I am proud that there is a school in Medford named after my grandfather EH Hedrick, born in Drain Oregon. This is my first letter written on behalf of any law that the state of Oregon is considering. I am currently keeping a close eye on any Oregon federal or state legislator who is proposing any bill that aligns with the ultra conservative philosophies of our current administration. A mail in ballot allows for numerous citizens who require easy access and privacy to vote. What would be next if our ultra republican conservatives succeed in this effort? Will they be supporting the DOGE Musk work of eliminating Social Security or eliminating veteran benefits? I say no. Do not vote to eliminate the right of Oregon voters to mail in their ballots.
