

Submitter:

Kathleen Garrett

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Our system of mail in voting is a model for all the states. This helps so many more people participate in the electoral process: parents with small children, people with disabilities, the elderly, etc. It gives us time to sit at our dining room table and research each of the races, even the very small and obscure contests. Please vote to keep this wonderful system intact.
