

Submitter:

Janice Rini Coll

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Faith in the validity in our elections is at an all time low, and with good reason. Oregon has shown, this past election in particular, that non citizens have been infiltrating our elections, which brings in to question every single election since mail in voting started.

It is imperative that this citizens right no longer be in question.
