I am a wildland firefighter. It is possible for me to be traveling through the country pretty much any time of year fighting wildfires, being a part of disaster response, or doing essential trainings for my position. I feel I should have the right to make my voice heard! The time I spend away from home is serving local and far away communities, preserving the health of our forests and protecting homes. To say that I can't vote because I'm busy doing my job is disgraceful, and I know that the attack on vote by mail is going to make it more difficult for the average person to exercise our rights. Please let me and my coworkers vote.
