

Submitter:

Valerie McDowell

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has a long history of successful vote by mail. As a senior with a disability, being able to vote by mail is critical. I have been a voter since 1978 and never missed an election. Please do not make this process harder at this crucial juncture in our lifetime. Oregon has always stood tall and independent; do not let the chaos on the federal level damage something that has worked well and inclusively for many years.
