

Submitter: Lynette Tutt

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose SB210 as it would prevent people who work, are care givers, people with no transportation, the elderly and people with disabilities to arrive at designated polling stations. Residence of Oregon have been very pleased for decades with mail in voting as it has been working flawlessly, and assures all registered voices are heard.
