The Election process is successful in Oregon. Mail in voting is effective and fair. There is no evidence of voter fraud Oregon. However there is PLENTY of evidence that our elections are fairly tabulated. Please don't destroy an effective, fair, and PROVEN election process. This bill aims to take away the voting rights of Oregonians. It excludes voters and takes their voice. The notion of voter fraud in Oregon is a manufactured talking point. It is misinformation. It erodes our Democracy.
