

Submitter:	Elizabeth DeVeau
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB80

I support this bill. This bill will help to prevent the public health crisis in Oregon's groundwater from worsening. This bill will apply to areas where the nitrate concentration in public drinking water exceeds Oregon standards, which includes parts of Lane County. Scientific studies have shown that nitrate is linked to multiple adverse health conditions. Thank you.
