

Submitter:

Vicki Capp

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail should NEVER be eliminated from, or by, the State of Oregon. The system works in so many positive ways for ALL the citizens of Oregon. It ENCOURAGES voters to confirm their right to voice their opinions on the valued democratic system we all should hold dear to our hearts. Oregon voting by mail should not be subject to the whims of the current federal administration...the VOTERS of the State of Oregon chose to go to total Mail in Voting! Surely there are many, more important, issues in our state to spend time, money and talk than trying to undo what has worked so well for many years. Voters did not elect representatives to waste taxpayers money on something this frivolous. WE did not ask for this...please don't bow to the federal government's irrational demands to eliminate Oregon's VOTE BY MAIL. IF I HAVEN'T BEEN CLEAR ENOUGH...I OPPOSE THIS MEASURE and am deeply disappointed it made it to the Senate Committee on Rules.
