Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote by mail system has made Oregon a wonderful place to live because it allows for more citizens to vote in our elections.

Oregon has lots of rural areas and traveling to a voting station may serve as an insurmountable hindrance to many. Furthermore, our older adult and disabled population is growing, and mail in voting helps ensure their voices are heard as well. The ONLY reason to eliminate mail in ballots is to make it harder for low income, disabled older, and rural Oregonians to vote which is inequitable for Oregonians, harmful to Oregon, and a fascist step backwards.

Oregon is a great place to live and mail in ballots are part of that greatness.

If you remove mail in ballots, you will be responsible for pushing Oregon towards fascism and away from the values that have made us such a wonderful place.
