

Submitter:

Elizabeth Olson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

There is no need for this. Oregon has for years led the way in vote by mail and the process is available to learn about online if one chooses to be informed. There is no proof of widespread fraud or abuse. This is nothing more than voter suppression. The only votes that will be stolen by in person only format is from those who cannot get there.
