

Submitter:

Nicole Kieffer

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have always voted by mail and honestly cannot imagine a better way to exercise my political voice. When my elderly father was still alive, mail in ballots made voting doable for him. As a working parent of a small child, requiring in-person voting would prove a significant barrier. It feels as though this bill is designed to make voting more difficult, therefore making it easier to strip more of our rights away. Vote no on this bill.
