

Submitter:

Donna Prinzmetal

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not do this. Voting should be accessible to all. Mail-in voting should be the law of the land, in my opinion, to make voting easy for working people, mothers and fathers of young children, everybody. I don't understand the argument for in-person voting unless it's to get less people to vote. Voting is a right and everybody running for or in office, regardless of party, should want as many people voting as possible. Please preserve mail-in voting.
