Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Just wanted to STRONGLY OPPOSE this bill. Mail in voting is a crucial part of Oregon life and it helps uphold democracy at a time that the federal government is actively trying to destroy it. Restricting voting and dismantling democracy are the opposite of Oregon values. Personally, mail in voting helps me make better choices while voting. It makes it much easier to research every ballot measure and candidate in more detail and make an informed decision. It also helps people who are disabled or have hectic work schedules still participate in our democracy. We MUST keep mail in voting in Oregon.

Thank you for your time!

Conway
