I am opposed to mail in ballots/voting. This system is plagued with issues that allow cheating. I use to work for USPS. The number of ballots misdelivered is hugh. Some apartment complexes mail is just dropped and many people have access to others blank ballots. The voter rolls are so far behind where people live, ballots are delivered to old addresses again allowing others to have access to ballots they should not. In person voting and ID requirements are needed for safe and fair elections.
