I STRONGLY OPPOSE making in-person voting on the date of an election the standard method for conducting an election!

Don't fix something that ain't broke.

\*\*\*Mail in voting allows all citizens to vote without making them worry about how to get to locations and if they can get to locations.

\*\*\*If you take away mail in voting you must make voting day a national holiday. You must provide transportation to the voting locations. And if folks can't get out, you must provide staff to go to the voters location to collect their vote.

See how much easier mail I voting I?
