Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

There is little to no abuse or fraud in our election system. This disenfranchises so many Oregonians. I suspect that the real reason why this is being put forward is that Republicans realize that the more people denied their voter rights, the more likely republicans are to be elected. Let all the voters in Oregon make decisions, not just a select few. Stop your compliance with the dismantling of our government.
