SB210

I have voted by mail for 40 years and find it safe and convenient. I am at an age now that voting in person iwoould be hard due to handicaps which seems to be the point of this bill. Voting on ballots prepared controlled by the state seems to be very efficient and. effective way to keep the vote safe from fraud and intimidation that could be a factor at polling sites that are disproportionately situated in a state or region.

Government by the people means all the people (citizens).
