Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is a measure designed to take away fair and easy access to voting. I am a disabled veteran and it is not always convenient, let alone hard to stand in line to do voting. Our people overwhelmingly voted to support mail in ballots and one only has to look at participation rates to see that this is best system for voting. I urge our legislature to throw out this blatant attempt at voter suppression.
