

Submitter:

Suzanne Hryniw

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I feel that voting by mail is extremely safe and very convenient. I have always been totally grateful that my state of Oregon allows this. I also feel that computer generated voting is not safe and downright risky. So if this bill were to pass, i believe that we would be taking many steps backwards. And i would also be less inclined to vote if voting by mail was not allowed. Thank you, Suzanne Hryniw
