Measure, Appointment or Topic: SB210

I am wholeheartedly in favor of in-person voting on Election Day with identification required. This would cut down on fraud since mail-in voting is known to be less secure. This would do a lot to boost the confidence that are elections are fair and secure. Everyone enjoys the convenience of mail-in voting, but it's not worth the risk of increased percentages of fraud. I respectfully ask that this bill be approved.

Thank you,

Ann Thomson
