

Submitter:

Kathleen Jones

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote by mail system has worked well for years, dont change it! It allows people who don't have easy transportation or have limited mobility participate in our government. It allows people such as healthcare workers who work 12+ hour shifts to cast their votes. It's efficient (Elon), and it has been proven to be reliable.
